RECEIVED
OCT 21 1915
CONSERVATION COMMISSIONER

My Dear Mr Pratt:

Iam very much obliged for the ~~Conservation Commissioner~~ care and carelessness yu kindly had sent me and hope to have them shown in Plymouth which has been sadly devastated by various and wholly un=necessary fires. The finish — and almost last — lot of white pines was cut down two years ago because it had been twice near destruction from fire.

Cordially yours,

F. A. Lucas
